PROJECT

Honolulu House Foundation Restoration
Marshall, Michigan

CONTACT

Randy Case Architecture + Design and Marshall Historical Society

SCOPE

Evaluate deterioration of historic 135 year old sandstone ashlar foundation. Identify deterioration mechanisms and corrective measures. Develop repair and replacement options, repair details and specifications. Locate acceptable source of replacement sandstone, assist stonemason with reproduction of mortar proportions, joint finishing and textured finishes on sandstone. Design steel braces and timber struts to repair leaning chimney. Examine and evaluate wall cracks.

DATE

1994 - 2005
