PROJECT

Gem Parking Structure
Detroit, Michigan

CONTACT

Forbes Management

SCOPE

Provide functional and structural design of four-level 290-space parking deck for The Little Gem Theatre and Century Club. Provide prime consulting services, coordinate architectural, mechanical and electrical disciplines. The parking structure is a single helix with horizontal facade lines facing the street. The grade level is designed to accommodate 9000 square feet of retail.

DATE

2001 to 2002
